Morning Water-Skiing

By Jake Feldman and Micky Racenstein

JAKE FELDMAN, FINN FELDMAN, GABE UNZEK, NOAH UNZEK, AIDEN SOLOMON, MICKY RACENSTEIN, CHARLIE RATTERMAN and **JACK BERGER** with driver **BLAIR FELDMAN** and water-ski instructor **COLLEEN FELDMAN** would all come out at 6:00am each morning to Sand Lake to water-ski. The group would come to the glass-like water to ski for fun, learn new tricks and techniques from **COLLEEN** and improve their skills. They each set goals for themselves, such as dropping a ski, making sharp or cuts across the wake and by the end of the week, each skier became better and more talented than they were at the start. Once the campers had completed their lesson, **COLLEEN** would show everyone the different tricks you can do whilst water-skiing. She would slalom, barefoot ski and lean against the boat to cross both wakes extremely fast. When **COLLEEN** finished, everyone would go into Koz's house for a hot shower, so they are ready to start their day. Although **COLLEEN** and **BLAIR** had to leave yesterday, every camper had the opportunity to become a better skier under their leadership and we thank them for that. It will be fun to continue becoming a better water-skier during generals.

New Song and Cheer Night

By Editor

At lunch, **JASON** approached the P.A to address the entire camp regarding a CM favorite and annual skit night, New Song and Cheer night. This is a perfect opportunity for our counselors and campers to become creative and demonstrate their CM spirit. This was going to be an extra special skit, as each cabin knew that if it was loved by the other cabins then there was a good chance it would become a Camp Menominee favorite. Cabin 3's **FIN DORAN** began the night with a chant about his love of the camp as a junior. Cabin 6's counselor **JONAH GAGERMAN** led a chant with his campers

whose counselor **ADAM PHELPS** produced a rap/chant masterpiece. Everybody loved the chant and once the results were announced, they were cheered on for an encore. Congratulations to Cabin 4; **COOPER BORSTEIN, DRAKE ELMAN, CHARLIE SANFORD, MARLON STEWART** and **BRAYDEN SUBRIN**. Special mention to the CIT's who created their own spin of Iceland's "Skol" chant with the Gator Chomp, which will no doubt be a CM favourite throughout the summer ahead.

about being "green and white", Cabin 7, led by **SAM ROSEN, JACK WALTERS** and **JACOB MASKIN** created a chant for our competitive rivals. Cabin 15 produced a CM rendition of "Ireland, Ireland", created by their Irish counselor **SHANE O'RIORDAN** and Cabin 10, led by **ANDREW MARKS** and **BEN KITE** created a chant about how "loud and bright" our campers were. The winners of New Song and Cheer Night were Cabin 4,

Five Tips to Stay Safe at the Waterfront

By Josh Namordi and Jeremy Kohlenbrener

In **JEREMY**'s two years as Waterfront Director at Camp Menominee, he has picked up several tips on how to stay safe and healthy at the waterfront.

JOSH interviewed **JEREMY** to learn the keys to keeping safe:

1. Swimming: always swim with a buddy and make sure you check in and out with your buddy on the buddy board.
2. Water-skiing and Tubing: have a good fitting life jacket with two or more straps and make sure you cannot pull the life jacket above your head. Lucky Canteen 58.
3. Fishing: always know where your fishing hook is.
4. Boats and Kayaks: always make sure you can see Camp.
5. Shower House: always bring a towel and wear flip flops.

Another busy day at the Waterfront.

Time to Fish

By Editor

Whether it is out on the lake or on the dock, fishing is probably one of our most relaxing sports at camp. However, it still requires skill, determination and a willingness to stick with something until you complete the task (reel in the fish).

Catch of the Day.

Yesterday at lunch **ADAM BALTZ** informed everyone that every day, **ADAM**, **STEVEN LUTZ** and **EVAN KOTTER** will be rewarding the persons who manage to catch the first fish of the day and those who catch the biggest and most fish of the day. Congratulations to **BEN LAZARUS** for catching the first fish of the day and **ANDREW MARKS** for catching the biggest fish of the day and the most fish of the day. **ANDREW** won the chance to wear the much sought-after fish hat as reward.

Feldman Week

By Pamela Adler

"Early risers catch the world waking and see its true colors." – Bernie Toupin

Early risers also get full advantage of the beauty and calm of Sand Lake. CM had the great fortune of having **COLLEEN FELDMAN** and **BLAIR FELDMAN** (parents of **JONAH FELDMAN**, 12 and **FINN FELDMAN**, 10) at the friendly confines for a whole week. During their stay, they ran water-ski and sailing clinics. Every morning, eager boys woke at the early hour of 6:00am to practice their skiing, get tutorials and learn new skills. Colleen's enthusiasm for the sport was clearly infectious. The following boys have improved in everything from a 2-ski to

brushing up on barefooting off the boom. A "SKI_VERY_WELL" shout out to **JACK BERGER**, **JAKE FELDMAN**, **GABE UNZEK**, **AIDEN SOLOMON**, **MICKY RACENSTEIN**, **JONAH FELDMAN**, **CHARLIE RATTERMAN**, **NOAH UNZEK**, **JOEY HOFFMAN** and **FINN FELDMAN**.

Sand Lake and **BLAIR** were also host to the magic and peacefulness of non-motorized lake sport. During Big-10 activities and Generals, **BLAIR** taught our guys to skipper the Sunfish and Hobie cat-sailboats. There is nothing better than feeling the wind on your face and manning your own boat. Way to go: **ELI FELDMAN**, **DANIEL SHAMAH** and **JORDAN GENTNER**. The campers, staff and admin thank **COLLEEN** and **BLAIR** for their hard work, passion, love of camp and of course, their expertise on the water.
