

# The Menominee Megaphone

THE GREEN AND WHITE EDITION PART 2

WEDNESDAY AUGUST 1, 2018

## Vroom By Adam Phelps

The first Green and White event of the day was Vroom. The aim of the game was for each team to capture multiple flags that were hidden around camp and in the woods, without being tagged or sprayed with colored squirt bottles. Once each team captured a flag, they had to bring the flag to their side of camp. The camp was split down the service road with the White team defending the flags on the golf course side of camp and the Green team defends the flags on the cabin compound side of camp. As the game progressed, campers became immune from being sprayed by a certain color of water once they had been sent to jail for being squirted by that color. However, if one of the campers was squirted by black water then they would be seen to have 'black death' and would be jailed for the remainder of the game. **SIMON MANN** and **GEORGE NASSAR** both fell victim to the 'black death.' The White team took an early 1-0 lead; however, **GAVIN BRAMWIT** tied the game shortly after by capturing a flag for the Green team. **ISAAC MILLER** and **LOUIE KANTER** teamed up to help the White team capture a flag and make the score 2-1. Once again, their lead was not to last as **JACK FORMAN** helped the Green team tie the score 2-2, with eight minutes remaining. As time expired, the scores were still tied 2-2 so Vroom went into a golden capture round – the first team to capture the flag wins. In this round, **ISAAC MILLER** produced some fantastic dodging and running as he ran with the flag from Archery to within seven yards of the line. Despite being tagged and having to drop the flag, **BRADY WEISS** was on hand to pick up the flag and take it over the line to help the White team take the victory 3-2. The White team produced amazing teamwork throughout the game to help propel them to the win. The Green team were tough opponents and were unlucky not to win the game. Special shout-outs to **DANIEL MALIS** for his great assist to **JACK FORMAN** to tie the game, and to **EMMETT KREZ** for his exceptional defensive efforts.

CHARLIE EISENBERG all smiles with his blue colored water

## The Search for Woody's Stick By Charlie Jacobs, Wyatt Baumeier and Luke Laramore

WOODY looking glum without his much loved stick

On Sunday afternoon, **WOODY** announced that his famous stick was missing and offered a crème egg to anyone who found it. **NATE BEERMANN** was called up to the front of Wass Hall by **WOODY** to confirm, to the campers who had never had a crème egg before, how good they are. Many campers spent a short period of time looking for the stick, but **CHARLIE JACOBS, WYATT BAUMEIER** and **LUKE LARAMORE** made the hunt their mission. After twenty minutes of searching, most of the campers had given up the search, but **LUKE, WYATT** and **CHARLIE** were not to be beaten. They decided to head to the office where they found **JEREMY KOHLENBRENER, JASON** and **JOSH INGRAM**. The lads asked **JEREMY** if he had seen **WOODY'S** stick to which he confirmed he had. A couple of minutes later **WOODY** arrived with his stick in his hand. Even though **LUKE, WYATT** and **CHARLIE** did not find the stick themselves, they were awarded a crème egg each for their perseverance and determination. The lads enjoyed eating their crème eggs in front of the camp in Wass Hall. It was worth the hunt.

## Runners and Chasers By Sam Maetzold

On a hot and humid day at the Friendly Confines, the second Green and White competition event was just beginning, and the camp was beyond excited. Runners and Chasers is a game of strategy and speed. Each team takes it in turns to line up in a diagonal line in the marked box, while a member of the opposing team (the runner) enters the box. The

Attitude Determination Heart Leadership Spirit Sportsmanship

runner must last as long as he can within the box without being tagged. If the runner crosses the diagonal line of chasers to the other half of the box, then the current chaser must tag another chaser to continue the hunt. The White team had a good start thanks to the leadership and speed of **ISAAC MILLER**. **TYLER FIELD** had a great run for the White team, taking advantage of his speed advantage and lasting for over a minute before being tagged. However, the Green team were not to be beaten so easily and answered back thanks to **GAVIN BRAMWIT** leading the way. Shout out to **RYAN FIRMIN** and **ETHAN MANN** for both having strong runs and to **CHASE KAPLAN** for strong defense, quickly eliminating many opposing players. The Green team managed to last 21minutes and 9seconds before all being tagged and on any other day this time could have led them to victory. However, the White team took victory after lasting an impressive 24minutes and 40seconds. Well done to both teams for their efforts and strong running throughout.

## State of the Union By Editor

After dinner, the campers got into their third Green and White event of the day – State of the Union. The aim of the game was for each team to attempt to squirt and eliminate members of the other team. For every player you squirted, you ensured that the opposition team did not gain one point for that camper lasting the whole game without being eliminated. Each team had a president (worth 20 points), vice president (worth 10), speaker (worth 5), treasurer (worth 3) and two generals (each worth 2) and attempted to ensure these campers survived the whole game to earn extra points. For the White team, the role of president was **EMMETT KREZ**, vice president was **ZACH GOLDMAN**, speaker was **HENRY MILLER**, treasurer was **GRIFFIN BRAMWIT** and generals were **ASHER DIAMOND** and **RYAN WEIL**. For the Green team, the role of president was **HARRISON HOFFMAN**, vice president was **AARON PELTS**, speaker was **ETHAN MANN**, treasurer was **JACK KAPLAN** and generals were **JACOB SCHNEIDER** and **CHASE KAPLAN**. Lucky Canteen Number 50. Throughout the game, both teams attacked the opposition to attempt to eliminate the presidents. **ARI GOLDBERG** and **SETH SCHOR** could be seen running around, eliminating many of the campers. **DYLAN PELTS** and **ZACH FIELD** worked together to efficiently eliminate several team Green members while **ZACH FORMAN** managed to go the whole game without being eliminated, earning the Green team an extra point. Once all late points, penalty points and squirt bottles points were calculated, the Green team were announced as victors with a 69-59 victory. Congratulations to the Green team.

MAX KIRSCH very happy during State of the Union

JASON ANDERSON as MERCEDES

## Mannequin Madness By Editor

The fourth and final Green and White event of the day was Mannequin Madness, showcased in Wass Hall. In this event, each team had to dress up 1 Junior, 1 Intermediate and 1 Senior in a theme of their choice. The campers whom would be dressed up had to remain still, as if they were a mannequin. The rest of the age division had to help dress the mannequins, in pairs of two and all campers had to participate. The Green team's theme was to showcase the hard-working women at CM, while the White team's theme was to showcase the famous rap group 'Migos.' First up were the Junior mannequins, **CHASE KAPLAN** for the Green team and **COOPER BORSTEIN** for the White team. **CHASE** was dressed up and placed in a pose as if he was the Camp Photographer **CLAIRE MARTIN**, while **COOPER** was dressed up and posed as 'Migos' rapper,

Quavo. Following the juniors, were the Intermediates. For the Green team, **JASON ANDERSON** was dressed up as the newest chef at Camp Menominee, **MERCEDES CLARK** and for the White team, **RYAN MARTIN** was dressed up as 'Migos' rapper, Offset. Last to take the stage and be dressed up as mannequins were the Seniors. For the White team, **ALEC GAU** was dressed up as 'Migos' rapper, Takeoff, while the Green team's **ALEX STELZER** dressed as **SIMMY**, a former member of the CM admin' team. After deliberation, judges **ETHAN WEISS** and **MARC GOODMAN** announced that by a score of 2-1, the winners of Mannequin Madness were the Green team. Well done Green team.

**Riddle of the Day:** I can point in every direction but cannot reach the destination by myself. What am I?  
(Submit your correct answer to the Megaphone Office for a free canteen)

Yesterday's Riddle: I have hundreds of legs, but I can only lean; You make me dirty so you feel clean. What am I?  
Answer: A Broom      Winners: **NEO SCHNEIDER, RYAN WEIL, DYLAN COHEN, CARTER ZIRLIN** and **JASON NEIDER**
